

## CD Campfire

Items needed:

- Old CD
- Rocks the size of quarters
- Sticks/Twigs
- Soil, dirt or sand
- Glue
- Small pieces of red, yellow, and orange tissue paper

Step 1: Spread the glue evenly over the CD,

Step 2: Cover the glue with soil, dirt, or sand and shake off any extra, leaving room for the rocks along the edge.

Step 3: Put a generous amount of glue along the edge where you then attach the rocks.

Step 4: Using 4 inch pieces of sticks and glue build a tepee style campfire

Step 5: Let dry until rocks and sticks don't slide around.

Step 6: Using small amounts of glue attach small pieces of the tissue to the fire to resemble fire.
