

Duct Tape Lanyard

Summer is coming and all the kids can use a lanyard. What is more fun than creating your own out of your favorite duct tape pattern?

Supplies

- Duct Tape
- Scissors
- Key Ring
- Lanyard Hook

Instructions

- Cut a 30 inch piece of duct tape. Fold in half lengthwise. You might find it easier to cut three 10 inch pieces and join them with the small pieces of duct tape after folding
- Slide on a key ring
- Attach ends together with a small piece of duct tape
- Fold near the key ring
- Cut a piece of 2 inch duct tape to $\frac{1}{4}$ inch wide
- Wrap it around the folded lanyard near the key ring
- Hook on a lanyard hook
