## INTRODUCTION

The Let's Camp S'more program objective is to introduce and teach basic camping skills to newer guides and their guiders, to help to motivate them to want to camp in tents, and to increase their interest to camp more often while having fun in a camping environment. Basic camping skills include activities such as outdoor cooking, fire building, tent care, shelter and tarp erecting, trail marking, dish washing, basic compass, bedroll and gear packing, outdoor dressing, kit list developing, and running Guides Own.

In this package, you will find the planning timeline, as well as a suggested agenda, a kit list, and patrol registration forms. Please ensure that you are using the most recent Safe Guide forms, by downloading them from the [MemberZone Forms page](#) (login to MemberZone is required).

Crests order forms are available on the provincial website at [www.bc-girlguides.org](http://www.bc-girlguides.org), and crests are \$1.00 each for units from BC (\$1.50 each plus \$5.00 shipping for units outside of BC). Crests can be provided in advance, but please allow two to three weeks for delivery.

There is also an evaluation form at the end of this package, and we would love to hear feedback from you regarding this camp. We love receiving pictures, so please send photos from camp (making sure that everyone in them has image releases in iMIS) and feedback to the BC Camping Committee at [camp@bc-girlguides.org](mailto:camp@bc-girlguides.org).

The BC Camping Committee has two rules in addition to Safe Guide that we ask you follow at each and every camp:

1. Be a No Trace Camper – Take only pictures, leave only footprints
2. Have FUN!!

## PROGRAM ACTIVITIES

Choose your activities to suit the need and experience of your campers. The following is suitable for girls and Guiders new to camping.

### FRIDAY ROUND ROBIN SESSIONS - 20 minute stations

- **Tea Lights** - at this station girls practice lighting tea lights in preparation of lighting camp stoves and lanterns.
- **Bedroll Hat Craft** - see below
- **Frying Pan Hat Craft** - see below
- **Name Tags** - Supply each girl with a dippy bag. These can be stuffed with duct tape, a compass, a flashlight and a small first aid kit or other such camping items available from local Dollar stores. Supply each girl with a 2"x 3" piece of fun foam and have them decorate this with their names and, if using, their patrol design. Attach these to their dippy bags for easy identification.

### SATURDAY AM ROUND ROBIN SESSIONS - 30 minute stations

- **Camp Kitchens/Washing Dishes** - Have each patrol bring their camp kitchens with them to this station. Go through each making suggestions of how they can be improved. Also, go over the 3 dish pan method of washing dishes. (See below)
- **Stoves and Lanterns** - Go over the basic parts of the stoves and lanterns. Attach the propane and check for leaks with soapy water. Practice lighting each.
- **Putting up Tents and Pop-ups** - Each patrol with the help of one experienced Guider will put up their tent and pop-up. Be sure that all girls are involved in the activity, and not merely watching the Guider do this activity. The girls will place their gear in the tents once the tents and pop-ups are erected.
- **Bingo/Compass Drawing** - if you have a group of more experienced girls who have come into camp early they may want to spend 2 nights in their tents. They would have set up their tents prior to this Round Robin session. If this is the case, they can do this session in place of the "Putting up Tents and Pop-up" session. (See Bingo card and Compass drawing grids below)

### SATURDAY PM ROUND ROBIN SESSIONS - 15 minute sessions

- **Camp Etiquette** - Information to cover: leave no trace camping, considerate tent life, don't pick or damage any of the natural surroundings, respect for wildlife and don't feed any of

the animals, respect camp quiet times, keep your campsite neat, keep your gear neat and your designated area, store food in the proper way, do your share of the camp chores.

- **Progression of Camping Skills** - available from [bc-girlguides.org](http://bc-girlguides.org) > camping resources. This session can be run as a "Red light/green light" game. A Leader calls out the Girl Guide camping skills. If the girls have completed them they go forward and if they haven't they go back. Remember to make all games fun!
- **Campfire** - go over the planning of a campfire, get suggestions of what songs they would like to sing later in the evening.
- **Packing for Camp** - suggest what should be on the kit list and how to pack for different types of camping trips

## ACTIVITIES, CRAFTS & GAMES

### Bedroll Camp Hat Craft

#### Supplies

- Blue fun foam - 5x11 cm
- Green felt - 10x10 cm
- Plastic sandwich bags, split at the seams to become squares
- String
- Safety pin

two

#### To Do

1. Lay out plastic "groundsheet"
2. Place your blue foam "mattress" in the centre
3. Fold a piece of felt in half (sleeping bag) and place on foam
4. Make a packers knot in one end of your string so you are ready to tie your bedroll when rolled
5. Fold groundsheet over the top of the sleeping bag and then into the centre from both sides
6. Starting from the top, tightly roll the bag making sure to keep the sides of the ground sheet tucked in as you roll
7. When you get to the bottom use a V-fold to tuck in the end of the ground sheet so no loose ends are showing.
8. Secure the bedroll with your string by following the directions from "How to Make a Bedroll"

### Frying Pan Hat Craft

#### Supplies

- Small pieces of brown, white and yellow felt
- Piece of black pipe cleaner
- Bottle cap or film canister lid

#### To Do

1. Cut bacon (brown) and eggs (white and yellow yolks) from the felt
2. Glue them to the inside of the lid
3. Glue the pipe cleaner to the edge of the lid to form the frying pan handle

## Washing Dishes the Girl Guide Way

1. Begin with 3 washing basins
2. Place hot soapy water in the first, warm rinse water in the second and cool bleach water in the third
3. Don't have water so hot it will burn the girls and use a very small amount of bleach 1/2 cap
4. Once the dishes are washed, rinsed and bleached, place them in the dippy bags and hang them from a line
5. To clean the basins, dump the soap water basin into the grey water pit. Then dump the rinse water into the wash basin and then dump it into the pit. Lastly dump the bleach water into the rinse basin and then into the wash basin and then into the pit. This way all basins will have been bleached.
6. Place the basins upside down, slightly stacked to air dry

**Bedrolls** - One example of how to make a bedroll

**Background**

Although the art of tying bedding rolls has been around for a very long time, the information is not passed on, rather re-learnt by each new generation. The armed forces teach recruits this valuable life skill, but opportunities for civilians are limited.

When Lord Robert Baden-Powell wrote "Scouting for Boys" in 1908, his ideas included camping activities. Similar ideals were adopted when Lady Olave Baden-Powell introduced the Guiding movement for girls.

Unfortunately, although, each boy and girl who goes to Scout or Guide camp should be taught how to tie a bedding roll, very few of them retain this information. This leaves modern scout and guide leaders in a sticky spot. If you are new to leading a scout or guide unit on camp, the sources for you to gather this information are scant and incomplete. Our quest for this information has led us to create this instruction for you. It may not be textbook, but it works.

Why bother?

If you are asking this question, you have never had to go to camp in the rain! A properly tied bedding roll will keep all your bedding dry, even surviving being dropped in water. At camp a dry night's sleep is a valuable commodity.

If your sleeping bag has no stuff sack, you roll it as tightly as you can, starting at the foot, and tie it with the attached ties. Some people sew on pieces of elastic and just slip them over the rolled bag.

What do you need?

- Ground Sheet - 6'(180cm) x 4'(120cm)
- Camping Mat
- Blankets – to act as insulation to keep you warm
- Sleeping Bag
- Pillow
- Night Clothes
- Strong cord or rope - 3-4 metres long (12' minimum), ¼" thick minimum
- A friend

Ground Sheet

A ground sheet is any kind of waterproof material. You can buy rubber or heavy gauge plastic or an old shower curtain. It should be a little longer and wider than your unrolled (but zipped up) sleeping bag.

The ground sheet is laid on the ground to protect your sleeping bag, pad and you from ground moisture.

When your sleeping bag is rolled or in its stuff sack, you make it waterproof by wrapping the ground sheet around it and tying it with a rope as illustrated. If you do this properly, your bedroll will remain dry even if out in the rain or if dumped in the river from a canoe. The rope should be sturdy, with the ends whipped.

**Barnyard Bedlam**

1. Spread a large number of acorns (or similar item) over the playing area.
2. Each patrol is assigned an animal and they pick a farmer.
3. Patrols go in search of the nuts. When they find one, they stand next to it making the appropriate noise (mooing, clucking, etc.) until the farmer comes to them.
4. Sometimes there may be multiple "animals" at the same nut at any given time.
5. The nuts can be counted and a winner declared but forgoing a count and awarding everyone a treat is a great way to encourage great "camping spirit"

**Love to Camp**

(To be read and repeated line by line at camp closing)

To be in the great outdoors  
mountains, lakes, trees.

Learning how to survive  
cooking over a fire; putting up a tent.

Sitting around the campfire  
sharing songs and stories

with my sisters in Guiding - - - -

*love to camp*

## MENU & RECIPES

Always remember all allergies and special dietary needs that you have in your group.

Depending on the skills and experience of your campers more of the cooking can be done by patrols. Lunch could be cooked on propane stoves or on buddy burners. However, remember patrol cooking does take more time than having a camp cook. Remember the focus of this camp is for girls and Guiders to learn the basics of tent camping. More complex skills can be learned at a later camp.
